Hi Rita;

Please place these two events to your January 2022 calendar:

Thank you

Robert

The Manhattan Adult ADD Support Group will have it's first meeting of 2022 on Thursday, January 6 at 8:00 PM. We will welcome in the new year with a general support group meeting.

Please note: Due to rising Covid rates, our live meeting at the Church will be cancelled in January. We are transitioning to Zoom. To register for this Zoom support group meeting, please send an E mail to: [webmaster@maaddsg.org](mailto:webmaster@maaddsg.org) (please include your first name & E mail address).

Meeting participants will have an opportunity to briefly introduce themselves and talk about their challenges. The group will then respond, and offer suggestions to try to help. The goal is to foster a sense of community, and help members improve their daily lives. We like to use the motto: We are not Lazy, Crazy, or Stupid.

We request a \$5.00 donation at our meetings.

-----  
On Thursday, January 20th at 8PM (NYC Time) The Manhattan Adult ADD Support Group is please to present the following lecture (On Zoom):

Adult ADHD: Missing In Action. Why? And What Can Be Done About it With Peter S. Jensen, MD, Founder of The REACH Institute

Our presenter will tackle a long-standing concern: the under-recognition and under-treatment of ADHD in adults.

Relevant issues include: a lack of training among providers; skepticism regarding ADHD; a tendency to overlook ADHD in favor of co-occurring conditions (such as anxiety or depression or bipolar disorder); and a failure of professionals and families to adequately prepare teens with ADHD to monitor their condition -- and become proactive in its management -- as they transition to adulthood.

To address these challenges, he will outline what would be required for an effective national strategy to transcend the above.

Dr. Jensen graduated from the George Washington University School of Medicine. Over the years, he has served as assistant director of child-psychiatry research at the National Institute of Mental Health; and taught psychiatry at Columbia, the Mayo Clinic, and the University of Arkansas. Currently, he chairs the REACH Institute (Resource for Advancing Children's Health), which he founded.

Dr. Jensen's books include: Superparenting for ADD; Making the System Work for Your Child with ADHD; and Toward a New Diagnostic System for Child Psychopathology: Moving Beyond the DSM. To register for this Zoom lecture, please send E mail to: [webmaster@maaddsg.org](mailto:webmaster@maaddsg.org) (please include your E mail address). We request a \$5.00 dollar donation at all of our meetings.

This is a gentle reminder about tonight's APS Networking Meeting, currently held on Tuesday evenings from 5:15-6:30 pm.

The link to join is: <https://rutgers.zoom.us/meeting/register/tJlqd-mgpz0jGtcwhcuTJGzeDMpcpmLLgSKE>

When you click the link, you will enter your email address and zoom will provide you with a unique link to join the meeting. We look forward to seeing you there.

If you can think of anyone else (2-3 people) who might benefit from attending, please share this invitation/reminder.

Thanks,  
Rita and Maryam
