

Hi all,

Our current Associate Director of Rehab & Recovery programs is retiring and we are underway with our search for the open position. This is an executive level position and the description is below. If you know anyone who might be a good fit, and interested in a position like this, they can contact me directly to talk about the position. Hope you are all staying well.

[Transitional Services for New York, Inc. \(TSINY\)](#) is actively searching for an Associate Director to oversee our Rehabilitation and Recovery Programs. This executive level position will strategically manage a key segment of our organization including our Behavioral Health Clinic, PROS, Empowerment Center, Employment Services and Education Supports.

We are searching for a candidate fully invested in a person-first approach to rehabilitation and recovery. The candidate must be able to work cooperatively with colleagues managing other segments of the organization to achieve TSINY's mission, vision, and values.

The candidate should have experience overseeing programs that contribute to mental health recovery. They should be capable of utilizing electronic health records, understanding billing processes, understanding fiscal reports and effectively developing or implementing policy and procedure.

This position is in Queens County in our Jamaica offices and reports directly to the Chief Operating Officer. Applicants should possess an advanced degree in a human services discipline in addition to having 5 years supervisory and clinical experience in mental health along with evidence of progressively responsible positions.

Thanks,  
Dan

Daniel Donoghue  
Chief Operating Officer
