Application Deadline - May 1, 2022

The New York State Office of Mental Health's Office of Diversity and Inclusion is excited to share this amazing opportunity. The Mission of the New York State Office of Mental Health is to promote the mental health of all New Yorkers, with a focus on providing hope and supporting recovery for adults with serious mental illness and children with serious emotional disturbances.

Function and Scope

The Research Foundation for Mental Hygiene, Inc. is seeking a qualified candidate to fill the full-time, salaried position of Director, Bureau of Managed Care Oversight at the New York State Office of Mental Health, Division of Managed Care. The position will report to the Deputy Director of the Division of Managed Care. The mission of the OMH Division of Managed Care is (1) to ensure that recipients and providers of behavioral health services transition effectively from Medicaid fee-for-service to Medicaid managed care; (2) to develop and implement Medicaid behavioral health managed care policy with partner agencies; (3) to monitor Medicaid Managed Care Organization (MCO) performances; and (4) to engage stakeholders including consumers, families, counties, and providers in Plan oversight and program development.

The Managed Care Oversight Bureau is tasked with overseeing the implementation and ongoing performance of Medicaid managed care programs for individuals with behavioral health conditions; monitoring MCO compliance with managed care behavioral health requirements and working with various stakeholders serving behavioral health agencies and recipients with behavioral health needs to successfully navigate Medicaid managed care. The position may require travel throughout New York State.

The successful candidate will have superior analytical and communication (both written and verbal) skills with the ability to present information to interested parties with varying backgrounds. This includes the ability to think creatively and strategically; strong internal and external oral and written communications skills, including experience with editing and public speaking; the ability to engage diverse audiences and communicate complicated concepts; the ability to work independently and take initiative, as well work in a team environment; the ability to create timelines and meet deadlines. This includes the ability to prioritize and be responsive to rapidly changing priorities; the ability to simultaneously manage multiple tasks and projects; strong attention to detail and problem-solving skills; proficient in the use of standard office technology and Microsoft applications, including Excel, Word and PowerPoint.

Qualifications

- A Master's in Social Work, Mental Health Counseling, Business Administration, Public Administration, Public Policy, Public Health, Juris

Doctorate, or related field is required.

- At least five (5) years of experience in behavioral health, managed care and/or public policy.
- 2+ years of content/subject-matter experience in health care transformation, New York State public health insurance programs, and/or behavioral health or health care policy.
