

Program Description

Saint Joseph's Medical Center (SJMC) - St. Vincent's Westchester Division (SVW), Department of Residential Services, will be operating a 20 bed Intensive Transitional Living Residence (ITLR) on the Bronx Psychiatric Center campus for individuals with a serious mental illness and histories of criminal justice involvement. The ITLR will focus on educating and modeling the skills necessary to move toward permanent housing and more independent living. Staff at the ITLR will use risk centered programming, as well as a range of comprehensive services to develop a rehabilitative and recovery focused environment that will assist in the development of social skills, build confidence, and improve coping skills.
