Subject: Reminder to Register for the ETE Summit and World AIDS Day!

hivtrainingny.org

The 7th Annual Ending the Epidemic (ETE) Summit and 24th Annual World AIDS Day (WAD) Event is next week!

If you have not registered yet, please click [here](#) .

This year's events will take place virtually with ETE Summit on November 29 and 30, and WAD on December 1. All events are virtual, accessible via the Whova platform, and free for all registered attendees.

This year's theme is advancing [health equity](#), with the tagline **"Collaborating for Change: Partnering for Health Equity"**.

It is our goal to highlight the many diverse and extraordinary partnerships developed to address inequities – differences that are unjust, unfair, and avoidable, such as access to quality health care/services, safe housing, nutritious food, quality education, and safe environments, for people living with, or placed at risk for, HIV, STIs, and HCV.

Keynote Address by:

Harold J. Phillips

Director, White House Office of National AIDS Policy

We have a wonderful program in the works! Events will include dynamic plenary presentations, workshops, virtual poster presentations, a statewide World AIDS Day Recognition Ceremony and awards, virtual tour of the AIDS Memorial Quilt, a forum to interact with fellow attendees, and more, to be announced soon.

Please contact ete@health.ny.gov or worldaidsday@health.ny.gov with any questions.

Looking forward to seeing you there!
